The opportunity to strip back and revamp this cutesy cottage into the home of your dreams is here. Maintaining traditional features such as timber floors, casement sash windows, French doors, and weather boards, which are sought after treasures in a home of this era.

A large full-length front verandah wraps its way around to one side of the home with a second access point via the dining area.

The layout of the home is convenient and practical. The spacious lounge room features high ceilings and direct access via the French doors to the dining areas, which then flows effortlessly through to the refurbished and practical kitchen.
